

**IN THE UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF NEW MEXICO**

MICHAEL DAVITT,

Plaintiff,

No. 2:19-cv-00073-JB-KRS

v.

JANE DOE,

Defendant.

ORDER DENYING MOTION FOR MEDICAL RECORDS

THIS MATTER comes before the Court on Plaintiff's motion for medical records. (Doc. 7). On February 26, 2020, the Court entered a pro se case management order instructing Plaintiff not to file motions until such time as the Court undertook the statutory required screening process. (Doc. 12). Although the Court's order contained exceptions and was filed after the instant motion, a motion for medical records nevertheless does not fall within an exception and is premature. Consequently, Plaintiff's motion is not properly before the Court at this time.

IT IS, THEREFORE, ORDERED that Plaintiffs' motion for medical records (Doc. 7) is **DENIED** without prejudice.
